## LOCAL BREVITIES.

The several warm days ought to revive the egg industry.

A. S. Edwards returned Thursday from a 30 days trip in New York.

The program of the meeting of the Southwest Kansas Association appears in this paper.

As matters now stand in the Santa Fe receivership case, there is not likely to be any more moves on either side until the matter comes up in the courts.

Thirty-two cars of cattle were unloaded at the Santa Fe yards, Tuesday morning. The cattle were driven to ranches in the southern counties.

Butter is selling at 15 cents a pound. The low of the kind has a deeper tone in consequence—the cow's low meets the butter's high in delightful exclamation.

Robert Kiscock, clerk in the agent's office, at Santa Fe railway depot, is taking a 30 days lay off, and will visit points in Missouri. F. G. Morrow will occupy Mr. Kiscock's place during the latter's absence.

The Greensburg Signal is a Republican paper and runs a Populist page; but the same editor does not run both. The Populist is an interesting feature of a newspaper, and you "catch 'em" both morning and evening.

Receivers Boehler, of the Stock Growers and Farmers Bank, is now paying the first dividend of 25 per cent. The depositors are glad to get a little money these hard times. About \$10,000 will be paid out on this dividend—Meade Globe. Dr. O. H. Simpson received his dividend of a deposit in this bank last week.

J. H. Howell, of Dodge City, was a visitor in Wichita, on Friday, says the Eagle.

County Treasurer Russell is receiving more letters about tax payments this year than last. Now that McKinley is elected people will pay taxes.

Vine DePui is making arrangements to remove to Florida. Vine wants to be entwined in a bower of magnolias and revel in Florida's sweet perfumes. We wish him success in his undertaking.

John Straeter caught a big coyote in a steel trap on Thursday last. John took the coyote from the trap and carried the live howling native on his shoulder to his home. The coyote did not offer to do any violence to his benefactor.

Hon. B. F. Milton, Judge of the Appellate court elect, has appointed E. J. Westgate, clerk of the court. Mr. Westgate lives in St. John, Kas. J. E. Lucas, editor of the Ford County Leader, is appointed stenographer for Judge Milton.

Eggs were selling in Dodge City at 25 cents a dozen last week, and they were scarce. Some lots were shipped in. The hens probably have heard of McKinley's election, and want to enjoy a little prosperity. By the way, what is the matter with raising more eggs and less Pops?

J. Y. Callahan, the ex-preacher who has just been elected delegate to congress from Oklahoma, was formerly of Kansas, having served in years gone by as register of deeds in Hamilton county. Among the charges made against him during the campaign was the terrible one that he is the father of thirteen children.—K. C. Journal.

W. P. Hale and wife have arrived from Arizona and are stopping for a few days with John Hale, father of Mr. Hale. Mr. Hale was formerly a resident of Dodge City, but for three years past he has been engaged in running the engine of a fast train from Arizona into Mexico. He and wife will make a trip to Iowa before their return to the South.

Cattle shipments on the Santa Fe will continue lively until cold weather sets in. The Santa Fe road is taxed to its capacity in the transportation of cattle and sheep and hogs. Mexico has removed the duty on corn and many shipments of corn are being made to the Mexican republic. There is a duty on lard in export to Mexico, but none on hogs, and in consequence train loads of hogs are being exported.

D. Brooks, mail carrier, appeared on the streets, Saturday, in complete disguise. He informed us that he was going on a visit to Pierce City, Mo. He had informed his friends there that he would never leave Kansas until the state went Democratic; and now he was going to carry out his wish. We hope the Missouri Democrats are giving Mr. Brooks a cordial and hospitable welcome—something they know so well how to do.

Joseph Sizelove's soul throbs with patriotic pride because his grand-father fought with Washington in the war of the Revolution, and because his father and himself were participants in the late rebellion. Among the relics left by the revolutionary soldier there remain in the Sizelove family a set of continental brass buttons, a wooden canteen, a pipe and pair of eye glasses. Verily, the Sizelove family have a record for patriotism.

Since McKinley's election, eggs have gone up to 25 cents a dozen in Dodge City, and the home production does not supply the demand. Last year, under Democratic times, eggs sold at one half this price. The reason that eggs here are so dear is because the hens have had unrestrained access to big feed stacks, and they have become so fat that they fail to produce eggs. Farmers ought to practice a little economy on the hens, and check the adipose tendency.

Business in Dodge City is improving, and the effect of revived trade is noticeable. Pay day on the Santa Fe was on Monday, and merchants report an increase in sales and a fuller payment of accounts. Business men are receiving fall and winter goods and are preparing for the holiday trade. Of course the confidence felt in the United States has a corresponding effect here, and it is believed that henceforth all sorts of business will show marked improvement in Dodge City.

One day a man, in his shirt sleeves, was shaving himself before the glass. His hand trembled so that he cut off the tip of his nose. The pain caused him to drop his razor which fell on his foot and cut off a portion of his big toe. He promptly picked up the two fragments, applied them and bound them up. A fortnight later, on removing the bandages, he discovered to his horror that he had made a mistake. He had put the toe in the place of his nose and vice versa. Now when he wants to scratch his nose he is obliged to take off his shoe.—Exchange.

The tide of prosperity will improve the entire country.

Mrs. Dr. McCarty is visiting friends in McPherson county.

Miss Celeste Steinman returned last week from a two months' visit in Denver.

S. S. Logan, publisher of the Howard, (Kan.) Citizen, was in the city this week.

Dr. McCarty and wife were down at Meade this week, the Doctor being on professional business.

The Dodge City Firemen will give their 2d annual ball on New Year's eve. The boys are making arrangements for a fine entertainment.

Rev. Mr. Williams will lecture on the "Two Civilizations," at the Presbyterian church, Monday night next. A general invitation is given.

On inside pages will be found some interesting reading: Niagara at work, Thanksgiving article, Talmage's sermon, and other choice reading matter.

Canon City coal is selling at \$6.75 a ton. E. E. Smith has a second grade of Canon coal that he sells at \$5.75 a ton. It is said to be excellent for heating purposes.

Col. C. M. Cunningham, late commander at the Soldiers' Home, and family, left Monday night for Osborne county, their home. They reside near Cawker City.

Thanksgiving Services.  
 There will be Thanksgiving Services at St. Cornelius Church on Thursday the 26th of Nov., at 11 a. m., with sermon by the Rev. Dr. Krum. All are invited to attend.

Thanksgiving Market.  
 The ladies of the Presbyterian Church will give a Thanksgiving market, Wednesday, November 25th, in the south side of the Zimmermann Hardware Store. Friends of the ladies are invited to visit the market.

Cattle shipments from the west continue lively. Sunday, seven trainloads of cattle went east over the Santa Fe road. Many of these cattle crossed the Mexican border, and the exportation is hastened in view of the probable legislation of tariff duties on cattle, and the suspension of the order removing duty restrictions on cattle from Mexico. Every day cattle trains pass this point, many cattle being also from Arizona and New Mexico. The consumption of meat will be greater since the mills and factories have started. Kansas farmers will find cattle feeding prosperous this winter. Many cattle and sheep are being held in Kansas for feeding. All kinds of stock is raising in price. The quarantine against southern cattle was suspended Sunday, Nov. 15. The Kansas quarantine against Southern cattle has been the same as that of the bureau of animal industry, the former period being from February 1 to December 1. But the national government finding it perfectly safe to admit Southern cattle into the states after November 15, has substituted that date for its quarantine expiration, instead of December 1, as heretofore.

The Kansas live stock sanitary board Saturday after consultation with Colonel Albert Dean, also changed their quarantine regulations to conform with the national government's. So after Sunday all quarantine against Southern cattle will be at an end, so far as the national government and Kansas are concerned.

The Chrysanthemum display, made by the ladies of the Presbyterian church, was splendid, and attracted numerous visitors. The evolution of the flower was here shown in its several peculiarities. The varieties of color, size and form, indicate what flower culture can do—there were the yellow, the white, the purple, the pink, etc., all in exquisite beauty, and if lacking in fragrance there was the compensation of vigor, elegance and variety. The Chrysanthemum is known as the "gold flower"—and like "sound money"—adds to its beauty and splendor, the bright silver. The Chrysanthemum annual show affords an opportunity for the florist to display his or her artistic work in nature. The Chrysanthemum may be regarded as the "last rose of summer." When the rose, the violet, and all other perennials have shed their blossoms, waited their fragrance on the desert air, and laid down and died before fall's chilling blasts, the hardy and enduring Chrysanthemum goes on forever, and is lifted from its summer home in the garden and placed in pots and its abode transferred to the house, where in the bay window, attracting the sun's brightness and illuminating the room with its lustre, it rejoices in the warmth it has gathered from old Sol and sheds contentment around the sitting room stove.

The display commenced yesterday and continues until this evening, in Sturm building. Different choice articles of cutables were displayed, together with many plants, and the kind of the Ladies' Aid Society was highly increased.

The Soldiers' Home.  
 The board of managers consumed nearly all last week in the transaction of business pertaining to the Soldiers' Home. The board partially examined the charges made against C. M. Cunningham, commandant of the Home; but the charges being withdrawn Mr. Cunningham resigned his place on Saturday, and L. Van Voorhis, President of the Board of Managers, took charge of the Home. President Van Voorhis and Mr. Shuler, also member of the board, in connection with Quartermaster Sidlow, have taken an invoice of the stock in the Home, and also examined the various funds belonging to the Home. The charges against Mr. Cunningham have been pending for some time, and relate to his management of the Home. Everything now is quiet and affairs are satisfactory at the Home. The appointment of a successor to Mr. Cunningham will be considered at the next meeting of the Board.  
 R. V. Wilcox, who was principal of the Home school, also resigned his place.  
 There are several applicants for commandant of the Home.

Teachers, Attention.  
 The Southwest Kansas Teachers' Association has been revived and will hold a meeting at Dodge City, Thanksgiving evening and the following day, closing with a lecture Friday evening by Pres. A. R. Taylor of the State Normal. It is earnestly desired that not only every teacher in Ford County be present but that the citizens of Dodge City, who are interested in the work of education, may turn out and give the visiting teachers a hearty welcome. Programs will be printed and issued in a few days.  
 WARREN BAKER,  
 Chairman Exec. Com.

TO ALL WHOM IT MAY CONCERN.  
 Public notice is hereby given that on the 1st day of December, 1896, I, James W. Wells will through my authorized attorney apply to the Hon. E. N. Morrill, Governor of Kansas, for an unconditional pardon for the offense of murder in second degree, of which offense I was convicted at the January, 1894, term of the District Court of Ford County, Kansas, and sentenced to imprisonment for the period of 10 years.  
 JAMES W. WELLS.

The editor of the GLOBE-REPUBLICAN is pleased to announce that arrangements have been made whereby our subscribers are given advantage of one of the most liberal newspaper offers ever made in Kansas. For every paid up subscriber to the Leavenworth Daily Times at the regular subscription price of \$3.00 per year, the GLOBE-REPUBLICAN will be given one year absolutely free as a premium by the publishers of The Times.

Add, in turn the publisher of the GLOBE-REPUBLICAN will give The Leavenworth Weekly Times one year absolutely free, as a premium to every paid up in advance subscriber to this paper for one year. The Leavenworth Times is the representative daily paper of Kansas, publishes all the news, with good market reports, and while its politics are strongly Republican in principle, yet it is liberal, and independent as to men and measures.
